G-TYPE

Highlights

100% made in Italy, ergonomic, comfortable, sturdy, light and easily stackable. Designed with flexibility and functionality in mind, to combine form, function, comfort, detail, and aesthetics.

The multitude of variants and design combinations give this series a versatile expression that makes it suitable for a wide variety of contexts in schools and common spaces.

Available in four-legged, reverse cantilever and five-star caster base.

G-type chairs promote good posture, embody design, technology, performance and meet all students' needs.

Anatomic seat and back with an additional focus on the correct lower back support to give correct posture. Easy to carry thanks to the cut-out square hole in the backrest.

Molded anatomic shape beech wood or polypropylene shell, very strong and durable.
